## WILL PLACE 12 A.R.P. SAND BOXES IN TOWN

By Rudy Renzius, secretary of the Newmarket Civilian Defence Committee

The Newmarket Civilian Defence committee is planning for a night of speakers telling of their own actual experiences in A.R.P. work and other war adventures.

It is hoped that some of our local lads will be able to attend and speak. Of all descriptions of real courage coming from the motherland the following is outstanding. The place is a small town in England.

"At about one a.m. Mrs. T. was awakened by the drone of many planes. Deciding that they were German, she awakened her aunt, a lady of 78 years of age, who keeps house for her, and took her to their shelter under the stairs on the ground floor. While going downstairs they heard the siren and bombs simultaneously. Looking out, she saw flames falling, then rushed upstairs and onto the roof, where incendiary bombs were arriving.

"In the course of the raid she smothered and otherwise dealt with no fewer than 13 bombs over three roofs. To reach the other roofs she had to do a lot of scrambling over tiles and gutters—all this in her night attire—and it took many journeys up and down the ladder to obtain the sand bags.

"Her lack of fear was amazing, particularly when it is realized that she was the only person in the three buildings during the whole of the raid, in which there were low-flying, machine-gunning planes.

"Later, on going through the store, Mrs. T. found the door from the store to the yard in flames. She promptly dealt with this with buckets of water. Then she discovered an incendiary bomb burning the front store door, and kicked it into the gutter.

"She did not come through unscathed. While removing a bomb with a short shovel, it exploded and burnt her fore-arm. This was later treated at a hospital and will require attention for a week or two."

This shows the courage and resource of men and women under actual fire and also points out how little things, like bags of sand and buckets of water, may save buildings and property. Our local C.D.C. have 12 sand-boxes constructed to be placed at convenient points, where citizens may obtain sand for fire purposes.

We hope to be able to publish the locations of these boxes next week. The sand will in cold weather contain salt to keep it from freezing and cannot therefore be used for flowers or cement or as play sand for children.

## NEWMARKET MEN WIN AT RICHMOND HILL

Al. White and Andrew Murrison won first prize at the Richmond Hill men's doubles tournament last Friday. The local pair finished with a good score and the high for two wins was carried off by J. O. Little and Vaughan Goring.

## "FORTY HOURS" WILL BE HELD IN ST. JOHN'S

Rev. Patrick Gallery, C.S.S.R., of St. Patrick's church, Toronto, will preach a series of sermons during the "Forty Hours Devotions" which will commence in St. John's church on Sunday morning at the 10 o'clock mass. Father Gallery is an outstanding preacher and all are invited to be present at the services on Sunday evening at 7 o'clock and Monday and Tuesday evenings at 7.45.

"The Blessed Eucharist, which is the Sacrament of the Real Presence of Jesus Christ, is publicly exposed on the altar for the duration of 40 hours," Rev. Dr. W. D. Muckle explained. The people visit Jesus thus publicly exposed and open their hearts to Him in prayer and meditation. It is a time for coming nearer to God, for dedicating oneself to His service and withdrawing from those things which are displeasing to Him. Father Gallery will preach on the three successive evenings and solemn Benediction of the Blessed Eucharist will be given."

## LIVE BETTER FOR VICTORY, CHURCHES SAY

NEWMARKET CHURCHES MARK DAY OF DEDICATION AND PRAYER

## VETERANS PARADE

Newmarket people and Newmarket churches observed Sunday as a day of prayer and dedication to mark Canada's entry into the fourth year of the second world war.

The morning subjects ranged from "An Empire's Prayer" at the Salvation Army to "The Moral Value of Labor" at St. Andrew's Presbyterian church.

St. Paul's Anglican church observed the prayer and dedication theme at three services, all conducted by the rector, Rev. G. H. Johnson.

"National Triumph through National Prayer and Consecration" was the morning subject of Rev. Alex. Stein at the Congregational-Christian church.

"The nation's first responsibility is to God, and insofar as this is recognized the nation can expect divine blessing and national prosperity," said Mr. Stein.

Newmarket Veterans paraded from the market square, headed by the Citizens' band, to Trinity United church, where Rev. Henry Cotton took the subject, "Keep Cool and Pray."

The Gospel Tabernacle, the Free Methodist church, Friends church and the Church of the Nazarene marked the day appropriately. The dominant note was that Canadians should make themselves worthy of victory.

Sunday was observed in St. John's Catholic church as a special day of consecration. After the 10 o'clock Mass there was public exposition of the Blessed Eucharist until 3.30 p.m. During this time members of the parish, both young and old, made special visits to the church and spent a half hour in silent prayer and meditation in the presence of God.

At 3.30 Rev. W. D. Muckle, in union with the congregation, repeated aloud the prayer of consecration as follows:

"O Lord, God of Hosts, on this day of our consecration to Thy service, we prostrate ourselves before Thee in humble supplication. We pray for our fighting men on land, on the sea, and in the air, that they may be given strength to persevere in Thy grace and nobly to perform their duty. We pray for all those who are in any way engaged in this great conflict, and for our peoples that they may ever preserve confidence in Thy loving providence."

"We pray that mercy may be shown to innocent sufferers, that those who mourn the loss of loved ones may be consoled, and that eternal rest may be granted to those who, having made the supreme sacrifice, were deserving of Thy tender mercy. These things we beg of Thee, O Lord, so that in the fullness of time this dread conflict may cease, the right triumph, and our children be taught, amidst the blessings of peace, to live in accordance with Thy holy law, and thereby to shed the light of Thy truth on a darkened world. Through Christ our Lord, Amen."

A short exhortation was then given by the pastor on the duty each one owes to God, to country and to the boys in service. Devotions closed with Benediction of the Blessed Sacrament.

Wilfrid Keffer, Maple, became the bride of Mr. John Harry Walker, son of Mr. and Mrs. George S. Walker, of Newmarket. Rev. H. McKay officiated, and Miss Marion Watson played the wedding music. The bride, given in marriage by her father, wore a gown of white satin. Her veil was held with a scalloped halo embroidered with seed pearls, and she carried a shower bouquet of white roses and sweet peas. ## "THANKS A MILLION," WRITE LADS OVERSEAS

"I have just returned from 14 days leave today (July 30) to find the cigarettes from the Vets. waiting for me," reads a card from LAC Mervyn Wainman. "Please pass on my most sincere thanks to the members. They sure are appreciated over here, as they are getting awfully hard to get and above all we know that we are being remembered."

"Received the box of canned goods that you sent and I want to thank you very much, as they are pretty hard to get down here," writes Pte. Johnny O'Connor. "The boys in my hut and myself sure enjoyed it very much. They also send their thanks. There is no doubt you boys know what to send to us. I want to thank you and all the people that make it possible for us to get such swell parcels from home."

"I have received quite a number of cigarettes from you. So in case you did not receive some of my letters of thanks I will send them now. So once again I say thanks a million for what you are doing and have done."

Contributions to the Newmarket Veterans' Soldiers' Comforts fund may be made to Treasurer Alex. McIntosh.

## CLASSIFIED RATES SAVE MANY PEOPLE MONEY

Amalgamation of the two Newmarket weekly newspapers into The Newmarket Era and Express meant an economy for many people who were in the habit of running their classified advertisements in both newspapers.

Advertising which formerly cost them 50 cents now costs only 25 cents, provided that they make payment within a week.

Advertising which formerly cost them \$1, up to 25 words three weeks in both newspapers, now costs only 50 cents, provided they make payment within a week.

Should they forget to make payment within a week, the charge is still only 75 cents.

The Era and Express charge of 25 cents extra for classifieds if not paid within a week is the common practice among many Ontario town newspapers. At the end of a week the charge is entered in the books at 50 cents instead of 25, or 75 cents instead of 50.

The first 25 cents charge is sufficient to handle the cost of taking the advertisement, setting it in type, proof-reading it, and classifying it in the paper, provided that it is a cash transaction or cash within a week. But if it should become necessary to enter the advertisement in the ledger, and send out one or more accounts, then 25 cents additional must be charged.

Payment within the week at the lower charge is better for the customer. Small denominations stamps are always acceptable payment for a classified advertisement.

## Salvation Army Plays Its Part After Dieppe

Capt. Fred Brightwell of the Salvation Army, which is launching a campaign for funds for its home front work, calls attention to a cablegram received from Brigadier T. H. Mundy, director of Canadian war services overseas, as follows:

"Glad to report that our super-visors rendered timely and valuable service to the troops returning from Dieppe. Red Shield mobile canteens came into action with effective distribution of supplies and comforts and received the united endorsement of the military authorities and troops."

"All is well. Our supervisors are ready for any emergency. Greetings to all our comrades in Canada."

## Sutton Girl Saves Youngster From Lake, Her Second Rescue

Fully Clothed Bank Clerk Jumps Into Lake Simcoe When 8-Year-Old Stumbles Beyond His Depth

Quick action on the part of Margaret Lonergan, Sutton bank employee, saved Ray McConnell, 8, from drowning at Jackson's Point park on Monday.

This was the second occasion that Margaret Lonergan performed such a feat, the first one being last year, when she rescued her younger sister near the same place.

Ray McConnell, according to witnesses, ventured out too far and went down when he swallowed water. Margaret Lonergan, who was fully clothed, leaped in and succeeded in bringing him to shore, where he was given first aid for shock. He did not lose consciousness at any time during the experience.

The youngster, along with his mother and elder sister, Isabel, were attending a picnic at Jackson's Point park when the accident took place. He ventured out too far when his mother, who had been watching him, turned to speak to some friends.

## Camp Takes Hardball Title In Devastating 21-7 Win

MAYOR PRESENTS WATSON CUP OF 1911 VINTAGE TO SOLDIERS

Behind a 21-hit offensive, "Lefty" Newbold, pitching for the Military Camp team, coasted to an easy 21-7 decision over Davis Leather on Friday evening.

This win gives the Military Camp the town league hardball championship for the second successive year. The T. C. Watson cup, given in 1911, was presented to Sgt. Morris of the Camp team by Mayor L. W. Dales immediately after the game.

The Camp team started off in the first inning by scoring ten runs off the delivery of Oliver Gould. In this offensive were home runs by Exelby and Wysinski.

In the third they came back with three more. This rally was climaxed by Mitchell hitting a homer, with two on base. They came back with six more in the fourth. Woods got the fourth and final homer for the Camp in this inning. The Camp got their last two runs in the sixth.

The Davis team missed their great chance in the first inning when they loaded the bases, with none out. But they were unable to score a run.

Bob Peters, who pitched the final three innings for the tanners, batted in six of the seven runs the Davis team got, with a homer in the third, with two on base, and another, with two on, in the fourth.

## Smokes From Home Are "Pennies From Heaven"

"I have just received a carton of cigarettes from your Boy Scouts Association," writes Pte. J. D. Cullen, in a letter to W. A. Spear, secretary of the Boy Scouts Association. "Please accept my most grateful thanks. Your gift came when I was right out of cigarettes and wondering where to get some. They are very hard to get over here. Please convey my wishes to the Boy Scouts and I thank you all for a gift that is gratefully and deeply appreciated."

Signm. E. H. Hargreaves writes, "Please accept my sincere thanks for the parcel of cigarettes which I have just received from you. A Canadian cigarette is more than a smoke over here, as we always think of the folks back home whenever we light one up."

"Smokes from home are like pennies from heaven," writes Sgt. Vic. Bridges. "Please thank the boys for their gift and I wish them good luck in their work."

"Thanks a million for the cigarettes which arrived today," writes LAC J. K. Watts. "Owing to the strict rationing over here, we find our supply of smokes depends almost entirely on friends and the different organizations like yours at home. May you have great success with the wonderful work you are carrying on."

A card was received from LAC Burke thanking the Boy Scouts Association for cigarettes received.

## CONSUMERS CAN'T COMPLAIN

The difficulties of those who would interfere with laws of supply and demand and fix prices and wages are well illustrated by the hog and beef situation. We don't say pork and beef situation, for it is said that while there are not sufficient Canadian hogs to supply Britain's ever increasing needs there are plenty of cattle on the hoof to supply Canada's beef needs. There are plenty of cattle but Mr. Farmer just isn't going to sell his cattle until he is satisfied that the price is fair in view of the price on the U. S. market. The hog shortage, on the other hand, if it is permissible to call Canada's present large hog population a "shortage," goes back to prices of two years ago, when the farmer became discouraged and either went out of hogs or did not increase his hog production as he should have done. Unfortunately as the beef shortage is, it can be remedied overnight if the price board sees the necessity.

While we think that farmers have a legitimate complaint, Canadian consumers should not complain, for while they must do without beef to some extent, it is because of general policy which is intended to protect consumers and which has in many other commodities given them effective protection.

## WHAT IS A WELSHER?

The Fort Erie Times-Review waxes indignant about the government calling some of its readers "weshers." Why a horse-racing town like Fort Erie should object to the use of such a horse-racing term is easy to understand. The people of Fort Erie would know what the word means. Webster calls "welshe" good English slang meaning: "One who cheats at a horse race; one who bets without a chance of being able to pay; one who receives money to back certain horses and absconds with it."

The present war is a horse race. Those who buy Victory bonds or war savings certificates, to hold up their heads as good loyal citizens, and then, in the absence of dire necessity, go to the bank and cash them are betting on victory without putting up their own wager. They are doing worse than that, they are putting up their wager in public and then in secret withdrawing it.

The re-sales of bonds and the surrenders of war savings certificates are too numerous to be accounted for by cases of genuine hardship. In too many instances, people are selling their war investments or are failing to meet their pledges, or are not increasing their commitments as they should, rather than reduce, or at least not increase, their own living standards. They fail to realize that the government in asking people to save and lend is doing two jobs at once, first,

Pedro, the lion-tamer, was ill and unable to take his performance at the circus that night, so his wife applied for the job. "Do you think you can manage the animals?" asked the circus proprietor.

"Did Pedro manage them all right?" she asked. "Most successfully," said the owner wonderingly. "Well, that's all right, then," she returned. "I can manage Pedro."

securing credit with which to contribute to the fight against Hitler, and, second, keeping down prices and keeping up values by reducing our spending power. The government wants us to lend so that we can't spend.

Those who receive Canadian pay envelopes or dividends today receive that money in trust to back democracy's horses, first, to feed and clothe themselves and their families (and their butchers, tailors and doctors) and, second, to put every cent they can into the "Hitler must be destroyed" effort.

## WRITTEN TUESDAY NIGHT BY CANDLELIGHT

The theory of the Ontario Hydro-Electric that a lot of people are more important than a few people doesn't appeal to the few people. The Ontario Hydro-Electric reasons that because there are a lot of people in Toronto there must not be any breaks in the power supply. It feeds power into Toronto from both Niagara and Quebec, and it probably provides alternative lines for each source of power. Because there are only a few thousand people living in Richmond Hill, Aurora, Newmarket, Sutton and the surrounding territory, frequent breaks in the power supply do not matter. If a tree falls on the power lines anywhere between Willowdale and Sutton, a distance of 50 miles, then Sutton must be without power. Whenever there is a storm or the threat of a storm northern York county suffers these power breaks. If the Ontario Hydro-Electric commissioners lived in Aurora or Newmarket things would be different. They would get tired of buying candles and hearing their wives tell of the cake that fell because the power went off.

## SOCIALIST IDEOLOGY

"Every CCFer should own a copy." It is written just like that in the "New Commonwealth," C.C.F. official publication in Ontario. It is the concluding sentence of a review of the book, "Strategy for Democracy," by J. Donald Kingsley and David W. Petegorsky. A Conservative reviewer might have said, "Every Conservative should read this book." A Liberal reviewer might have said, "Every Liberal should borrow a copy." But it remained for the socialist reviewer to say that every CCFer should "own" a copy.

## NOR THE DOCTOR!

Christopher Morley is credited by the Fort Erie Times-Review with the phrase: "A human being: an ingenious assembly of portable plumbing." The Midland Free Press Herald says of the hay fever victim: "His nose will run like a broken drainpipe and there is not a plumber in town who can do anything about it."

Complete new manpower boards will be set up shortly across Canada to tighten up the compulsory military service regulations and increase the flow of labor into war plants.

An agreement signed at Canada House, London, England, between Russia and Canada, provides that Canada supply Russia with wheat and flour up to \$10,000,000.

Japanese forces have broken through the Owen Stanley mountain pass in New Guinea and are advancing down the southern slopes toward Port Moresby, an official report stated this week. The enemy lost 1,000 men in taking the pass.

The national war labor board stated this week that a new wage control order to ensure equal pay for equal work and thereby bring the pay cheques of experienced female workers in line with those of experienced males will be announced shortly.

A frontal drive on Stalingrad and the Volga River line was checked by the Russians this week. Three thousand Germans were killed.

Prime Minister Churchill described the Dieppe raid as an "indispensable preliminary to bigger undertakings" in the British House of Commons this week.

Unless users of toothpaste and shaving cream can supply an empty metal tube, they will be unable to obtain these articles from their neighborhood dealer, according to an order issued by the wartime prices and trade board.

Wrecks of German tanks, destroyed by British and American tank crews in thwarting Marshal Erwin Rommel's latest drive toward the valley of the Nile, were scattered over Egypt's western desert this week.

# Of People And Things

AUGUST HAS IT

By Isabel Inglis Colville

August has many things—the glorious freshness of the mornings with their faint hint of autumn, the sound of the threshing machine as the golden mounds of grain are drawn to their harvesting, the apples growing redder against their green background, the vegetables saying in no uncertain voice, "Can us, pickle us, do something with us, for we don't want to die with our work undone."

Then there is the harvest moon, sometimes red with a smoke haze framing its deep glow, sometimes burnished silver as it rides in a deep blue sky, looking down on a world where all is not peaceful and beautiful, as it should be when so much is given to man to be thankful for but where man is the disturbing element.

But I didn't start out to talk about the beauties of August, or even the silver moon—I wanted to talk about the grandmothers' meeting.

Every year for 14 years I have gone to it, and every year of the 14—I've enjoyed it. As usual, it was held at the home of Mrs. Charles Flintoff, Newmarket, nor would it—the meeting—BE at home with any other hostess.

I can remember the first few of these which I attended—THEN the grandmothers gave the entire program—sometimes in old-time costumes, and always making the things of yesterday live for the children and grandchildren of today.

They sang the songs which were young in their youth, they told of the difficulties they had to face as housekeepers and homemakers, how self-sufficient each household was, they carried their own wool and spun it and made it into clothes, they worked with what we would think no conveniences to give their families good substantial food, and they worked long hours, with not a great deal of what we call recreation.

And yet, they were happy and healthy and intelligent and socially minded and enjoyed any well-earned pleasure with a zest which is lacking in modern days, grown blasé with overmuch

entertainment. But again, let me get back to the last meeting. As always there was an excellent turnout. The meeting opened with "O Canada," the opening ode and the collect.

The minutes of the last meeting were read and also correspondence and a discussion re ditty bags. It was decided that Mrs. Wood procure all the wool for the knitting—a collection being taken for the payment, then each group fill their bags as they thought best, so long as they were well-filled and with things suitable.

The meeting was then handed over to Mrs. Alvin Ridley, who read a charming little piece on the soothing quality which the hospitality of a good neighbor can exert on an over-tired woman. A reading, "My House," was given by Mrs. Elmer Starr.

Then she called on Marion Bergen and Erla Toole for a duet, which was charmingly sung and made the grandmothers more proud than ever of the granddaughters who were substituting in some cases. Mrs. Albert Ridley accompanied them.

Mrs. Ezra Penrose then gave a fine reading, which compared us to crockery—fine and delicate, brittle, strong or beautiful—all moulded for a divine purpose. Miss Betty Hope then gave a delightful piano accordion solo—very appropriate—"Put on your old grey bonnet," and "Auld Lang Syne."

Mrs. George Hunt gave a humorous reading and Miss Nora Penrose also gave an excellent one of a grandmother who would NOT be put on the shelf, but who set out to prove she still could be useful and independent.

The meeting closed with God Save the King and The Maple Leaf, after which the committee on agriculture served sandwiches and coffee and another grandmothers' meeting joined the parade into the past.

I have a correction to make for Mrs. Toole and myself, about the time for boiling the canned beans, spoken of in last week's article. I said 20 minutes—it should have been one hour and 20 minutes!

## 25 YEARS AGO

From Era and Express files, Sept. 7, 1917

We have had some "catchy" weather, but on the whole the farmers have reason to feel happy. If the weather continues fine this week the majority of the farmers in this vicinity will be through harvesting.

J. H. Davey has bought the Warner property on Niagara St. and is installing electric lights. Some boys punctured 95 panes of glass in the agricultural building "just for fun."

The town voters' list is out and is up in the post office and the clerk's office.

Roy Shaw is building a fine addition to his barn.

## 50 YEARS AGO

From Era and Express files, Sept. 9, 1892

Thos. Coates met with an accident two weeks ago that might have proved serious. He was hauling in oats with a single horse and a democrat wagon, assisted by Seth Crone's boys. They had unloaded and were leaving the barn for another load when part of the harness gave away. The young horse was frightened and upset the rig upon its occupants. The boys were not injured but Mr. Coates had two ribs broken.

Henry G. Boag of Queensville shipped a car of six magnificent horses from here this morning.

ones have been sacrificed, I am a Newmarket lad, Milton Morton, Canadian Army Overseas.

Editor, The Era and Express: I've been intending to write to you for some time but have been pretty busy and also doing a lot of travelling around. I'm finally settled at my new station so will be able to find more time for correspondence and reading because we can't get out at all at nights.

I wish you'd also pass on to the people of Newmarket my sincere thanks for the interest that they are taking in supplying cigarettes and other comforts to us home-town boys overseas.

Of all the Canadian lads over here I can honestly say that there are none being looked after better than we are and I'm sure from other letters I've seen published in the paper you all know it is greatly appreciated.

The Newmarket Veterans, Lions club, Boy Scouts and women's organizations are to be complimented on their work.

One of my main reasons for writing was to inform you of my attendance at the funeral of my friend, Sgt.-Observer "Jerry" Germain. I spent a lot of time with Jerry before his death and know just what the work was he was doing and how important it is. He was considered one of the smartest navigators on the squadron and will certainly be missed by the people of Newmarket who have every right to be very proud of him. The crew that he was in had close to 200 operational hours in, which is away above average for that type of flying.

The funeral comprised officers, senior N.C.O.'s, mourners, escort party, firing party, trumpeters and W.A.A.F. and was a very impressive sight.

There were some very beautiful wreaths laid and the church was decorated with British and Canadian flags.

After the service was finished at the cemetery I went back and laid a wreath from his family and many friends of Newmarket. It is fellows like Jerry that are winning this war and also fellows like him that we shall never forget.

I must close this letter now to prepare to go to work, but again I express my thanks to the citizens of Newmarket on their splendid work and also wish all the luck and success possible in your new enterprise.

Yours truly, LAC Mervyn Wainman, R.C.A.F. overseas.

Editor, The Era and Express: It was great to get some copies

of the paper again. Thanks very much. I was quite flattered to see my letter in print.

If I had waited a while I would have had a better story to tell you. Our fire count is now 35. We have had more than all the other island camps put together. Fortunately most of them have been easy to get at and so we got them encircled before they got large. There have only been two fires that got over 100 acres.

Our largest one, which is 12 days old now, covers five or six hundred acres. It is very rough country and we do not have it all surrounded yet, but we have had a number of dull days that have brought it almost to a standstill.

I'm getting to like B. C. more all the time, but I suppose the worst is yet to come, as they say the winters are very damp. It gets cold at nights here and I now cover myself with three woollen blankets. But in the daytime it warms up enough that I generally work in shorts. We do not have any uniforms provided and we have to buy our clothes out of the 50 cents per day, so I do not wear any more than I have to.

Most of the people out here seem to come from Ontario or England. I've met quite a few from Ontario that know people that I know and quite accidentally I met a man that used to work for my uncle at Pleasantville over 40 years ago.

The gang I am in is spending the day in camp. We are taking it easy and are resting up a little after four strenuous weeks. Some of the fellows have been on duty seven days a week for a month now and for a while we were out on 16-hour shifts.

Night duty was particularly hard, as the boys had to work by the light of the fire over some very rough territory.

Well, thanks again for the papers. I sent them on up to Don Crone, Christadelphian of Mount Albert, who is at Hill 80 camp at Duncan.

Yours truly, Francis Starr Langford, B.C.

## On Local Calls

1. Be brief... clear the line for the next call.
2. Consult your directory before you call "Information" for a number.
3. Urge your family—especially its younger members—to avoid unnecessary calls.
4. Be a "good neighbour" to the family which shares your party line.

## On Long Distance Calls

1. Avoid all unnecessary calls.
2. Whenever possible, use off-peak hours: before 9 A.M.; 1-2 P.M.; 5-7 P.M.; after 9 P.M.
3. Plan your conversation before you lift the receiver—you'll save time and expense.
4. Call by number whenever you can.

These things may look trifling, but on 6,000,000 long distance calls, they are very important.

## Keep them clear for ESSENTIAL CALLS

MINUTES COUNT; war calls must go through without delay.

But how? Increased local and long distance traffic is already taxing facilities to the limit. And further extension of telephone equipment is ruled out by shortages of copper, aluminum, rubber.

There is just one way out. Every one of us must learn to use his telephone more carefully. We must voluntarily "ration" our talks. We must remember, always, that urgent war calls can't wait.

## It is now ILLEGAL

to **HOARD** scrap steel or **UNUSABLE** machinery

The Steel Controller has ordered that, after September 15, 1942, no person may retain in his possession scrap iron or steel weighing a total of 500 pounds or more unless he has a permit.

(For the purposes of the new regulations, scrap metal includes machinery, structural steel, or any other article or commodity containing iron or steel, which is not serving an immediate vital purpose.)

The order also provides:

That anyone, coming into possession after September 15 of scrap iron or steel weighing 500 pounds or more, must dispose of it within 30 days.

That any person having a valid reason for not disposing of scrap metal as scrap metal or who believes that it can serve some essential purpose, must send in a report by September 15 to the War Goods Administrator of the Wartime Prices and Trade Board, Lumsden Building, Toronto. His report must reveal the exact description, quantity, and location of his scrap metal.

The provisions of the order do not apply to scrap dealers who are already subject to previous orders; nor do they affect metal fabricators and processors who are in legal possession of metal to be used in manufacturing.

A copy of the order, S.C. 16, may be obtained from the Steel Controller, Department of Munitions and Supply, Ottawa.

Instructions of the new regulations are subject to a fine of up to \$5,000, or imprisonment of up to five years, or both fine and imprisonment.

# GOVERNMENT INSURANCE

## IN CASE OF

# WAR DAMAGE TO PROPERTY

## OWNERS OF PROPERTY ARE URGED TO INSURE AGAINST LOSS BY ENEMY ACTION

The Government of Canada, by Act of Parliament, has set up a Plan of War Risk Insurance against damage to property caused by enemy action—by countermeasures taken against the enemy—by explosions of war munitions handled by third parties.

In terms of general information, it may be stated that the Plan provides a certain limited FREE COMPENSATION for damage to owner-occupied homes and to chattels, but the main feature of the Plan is that owners of most types of property can protect their property by PURCHASE of GOVERNMENT WAR RISK INSURANCE at very moderate rates.

This type of War Risk Insurance is not being sold today by private insurance companies, because of the risk involved. Consequently, the Government has established a national scheme to make it possible for each citizen in Canada to purchase the sense of security that comes from knowing that if his property does suffer war damage (and the war has come much closer to Canada in the last twelve months) he can call on the resources of Canada to help him make good his property loss.

## HOW TO OBTAIN GOVERNMENT WAR RISK INSURANCE

The Fire Insurance Agents and Companies of Canada have volunteered to the Government the services of their extensive facilities and personnel, on a non-profit basis, thus avoiding the setting up of the large organization that otherwise would be needed to handle details of this nation-wide Government War Risk Insurance scheme.

YOUR FIRE INSURANCE AGENT OR COMPANY WILL GLADLY SUPPLY COMPLETE DETAILS OF THIS GOVERNMENT INSURANCE PLAN.

THIS ANNOUNCEMENT IS PUBLISHED so that the public may have notice of the Government War Risk Insurance Scheme. The information given above is not intended to be a complete résumé of the Scheme. Full information regarding conditions

## THIS WEEK'S CONTEST IS WIDE OPEN TO ALL, LUCKY, UNLUCKY, YOUNG, OLD, BIG, SMALL

Open only to those who had never won before, last week's contest drew 21 answers. There were four perfect sets of answers sent in. Two of these appeared to be from the same family, and so one was eliminated. There were three contestants who sent in nine correct answers, and Mrs. J. W. Brown, at Perrin's Flower Shop, drew two of them to make up the five winners.

The puzzle was difficult and the contestants did mighty fine work. Many contestants got seven right, and that too was excellent. Next week we will try another contest open only to those who have never won before, but this week's contest is wide open to winners and non-winners. Some of the contestants didn't catch on that when a word was blanked out each hyphen represented a letter, indicating the number of letters in the word.

Winners of the five double passes are: William Huntley, Queensville, Mae Carrick, Newmarket, Joyce Kyle, Queensville, Gordon McHale, 35 Queen St. W., Newmarket, and Robert Spear, 43 Lorne Ave., Newmarket. They win double passes to the Strand theatre for either Tuesday, Sept. 15, to see "Beyond the Blue Horizon" and "Marry the

Boss's Daughter," or for Thursday, Sept. 17, to see (this is a change of bill) "A Yank at Oxford" and "A Close Call for Ellery Queen." They may pick up their passes any evening at the theatre.

The answers for last week's contest were: buffet, farmer, grandson, watch-chain, machines, comfortable, sealers, linoleum, tillable, slicing.

### THIS WEEK'S CONTEST

Winners of this week's contest are invited to be the guests of the Strand theatre on Tuesday, Sept. 22, to see Errol Flynn and Olivia de Havilland in "They Died With Their Boots On," and Jimmie Lydon (as Henry Aldrich), Mary Anderson and Charles Smith in "Henry and Dizzy," or on Thursday, Sept. 24, to see Fred MacMurray and Rosalind Russell in "Take a Letter, Darling," and Loretta Young and Conrad Veidt in "The Men in Her Life." Those shows should be worth a little effort.

This week we have scrambled ten words. Here they are: **LINWDELG, GRUINUIN, RXU-FEIT, GRSKRETEIDE, MTAFPR-LO, IVSRSKRE, HLEPGDUO, RPNBOSLES, TRINSAOCEN, FNIREDE.**

Return Fire Cheque, Issue  
Ultimatum To King Council

Aurora town council instructed Clerk A. C. A. Willis on Tuesday evening to return to the township of King a cheque for \$300 for fire service this year and to advise the township that fire protection would cease on Oct. 15 unless the township agreed to adopt one of the three proposals submitted to them by Aurora in June.

"We have delayed this matter too long," said Reeve C. A. Malloy. "We are getting nowhere."

"We have been put off for months now," said Mayor Frank Underhill. "Whichever found no difficulty arriving at an agreement, but the delay means we may not be able to get the equipment we need. We gave them three definite proposals, but they accepted none, sending us a cheque for \$300, saying their tax rate had been struck and they would consider the agreements later in the year. We cannot commit ourselves to purchases unless we know the agreement will last."

"I take the view that the old agreement is already cancelled by our July motion," said Deputy Reeve C. E. Sparks. "We are under no obligation except a moral one to answer any calls now."

"What would happen if a fire broke out in town and the truck was out in the country?" asked Councillor Fred. Rowland. "Our ratepayers, who have borne all the expense, would have a right to be sore."

"I think we should advise them that the agreement will be terminated on Oct. 15," said Councillor Dr. G. A. C. Guntin. "It would be hard to refuse fire protection to anyone and their council is taking advantage of this. Let them accept a suitable agreement by then or we will not go out after that date. Their taxpayers will know who is to blame if no agreement is reached."

Blitz Veteran Seeks Men  
To Relieve Men Overseas

In charge of recruiting at the Aurora recruiting office is L.Cpl. Jack Granger of the 1st Battalion, Toronto Scottish, who returned from overseas in May of this year. L.Cpl. Granger reports results to date as satisfactory, with a large number of inquiries and about half a dozen men already either receiving or about to receive medical examinations.

In 1940 L.Cpl. Granger went overseas with the Scottish, and his wife and three months old son, Jack, Jr., also managed to get over. The Grangers settled in London and went through the worst of the blitz with the brave Londoners. Granger saw all the horrors of modern warfare and cannot speak too highly of the spirit of the British people. "They took everything the Germans could give them and came back for more smiling," he told The Era and Express. "I don't think they can experience anything worse or, for that matter, will have to."

Born on Aug. 23, 1941, Peggy Granger came into the world at a time when London was in the throes of a heavy air attack. The family moved to a lonely spot near Aldershot after that and there saw several German planes shot down. In company with two other soldiers, Granger went two miles to where a plane had fallen and found two dead German aviators and three alive. They disarmed the three survivors and brought them to the Granger home to await the military police.

"We gave them hot tea and they marvelled to see white bread again," said Granger. "One was about 18, the others were in their early twenties and they could speak English perfectly. They were very friendly but closed up like cats when the police came."

Food in England he described as plain and wholesome but lacking in vitamins and variety. Fruit juices, desserts and eggs were rare treats indeed. "Most of the boys would prefer smokes to boxes of foodstuffs. Smokes are dear and really appreciated by the boys."

Already suffering from shock from his work during the blitz on fire duty, Granger was scheduled to return home and had his wife and family leave for home in October of last year.

A few weeks later, while on the fifth story of a building, an air attack blew up the building. He was fortunate enough to drop into the fourth story of the next-door building, where he suffered shrapnel wounds in the head and legs, which sent him to hospital and ultimately back to Canada. His companions were more seriously injured. "I knew I was really in Canada again when I saw plenty and variety of food," he said.

"Many of the boys in England are entitled to come back on three months' leave now but unfortunately cannot do so until there are men there to replace them. We must have more men to give these fellows the break they deserve and we intend to get them. The boys are well and anxious for action and it is no exaggeration to say the Canadian troops were as well trained as any overseas and very popular with the civilian population. The boys behave well too."

A fine recruiting window emphasizing the need for men has been set up in the windows of Duffield's store and L.Cpl. Granger will welcome the opportunity of talking to men of the Aurora and Newmarket district who are interested in being placed on active service. Veterans of the last war and women for the C.W.A.C. are also sought. Full information on any branch of the army may be obtained without any obligation.

The area south-east of Aurora is likely to be the location of the manoeuvres.

Owing to the fact that part of the battalion will take part in a scheme at Scarborough the weekend of the 19th, the battalion manoeuvres have been postponed until the weekend of Sept. 26-27th.

MRS. CHAS. FRY DIES  
AT 60, ILL LONG TIME

The death occurred on Saturday of Mrs. Charles Fry of Aurora after a lengthy illness.

Before her marriage, Mrs. Fry was Mabel McCutcheon and was born near Bolton, her father, the late W. T. McCutcheon, being a member of one of King township's oldest families. After her marriage she resided at King City, coming to Aurora about 15 years ago.

At King and at Trinity Anglican church here she played an active part in church work and held many offices in the women's organizations. She was in her 61st year.

Surviving are her husband, two daughters, Jean, Aurora, and Mae, Toronto. Western hospital, two sons, Harry and William, two sisters, Mrs. Oliver Estabrook and Miss Margaret McCutcheon, Toronto, and two brothers, Stewart McCutcheon, Galt, and Albert McCutcheon, Bolton.

The funeral service, which was widely attended, was held at her late residence on Monday, with interment at Aurora cemetery.

Rev. R. K. Perdue was in charge of the service and the pallbearers were Oliver Estabrook, Toronto, Arthur McCutcheon, Schomberg, Harry McCutcheon, Kleinberg, Herman Kaake, Bolton, Alex. Cameron, Woodbridge, and H. E. Goodman, Aurora.

**AURORA MAN JOINS NEW PARATROOPERS**

First Aurora boy to join the newest branch of Canada's armed forces, the paratroopers, is L.Cpl. Charlie Dawson, former member of the Aurora softball club and employed with the Collis Leather Co.

Charlie volunteered for active service, but was rejected. This year he joined the 118th battery and was on an N.C.O.'s course at Petawawa when the call came for volunteers for the new "suicide squad" and Charlie volunteered and was accepted, along with 30 others at the centre. He is now in training in Montana, where the Americans are teaching the Canadian boys this art of modern warfare.

Charlie's father, the late Horace Dawson, was a veteran of two wars, and his brother, Angus, is on service with the tank corps.

**Former A.H.S. Athlete Was In Dieppe Faid**

Bon F. Cox, secretary of the York County War Veterans' Association, former Aurora and Newmarket resident now residing in Toronto, has received word that his eldest son, Lieut. Jack Cox of the Royal Regiment, took part in the Dieppe raid and is safe and well.

Lieut. Cox is a former captain of the Aurora high school ender corps and was prominent in track and field events while attending school. A few months ago, while engaged in commando training, he was struck by fragments from a hand grenade and confined to hospital for nearly a month.

**HAS OPERATION**

Miss Gladys Preston underwent an operation at York county hospital this week. Her condition is reported as favorable.

Court Dismisses Charge  
Of Theft Against Bowman

"I've taken this matter into serious consideration and I feel that while there are grounds for making a conviction I hesitate to do so," Magistrate McIlwain advised Hugh Bowman, Aurora, who was charged with the theft of a direction sign from the boulevard in front of his home, the property of the Aurora Engineering Co., Aurora. Evidence in the case had been heard by his worship in police court on Friday when his worship adjourned the case for judgment.

"A conviction for theft is a serious matter," continued his worship. "If at any time you are brought up on a similar charge, a previous conviction would make it practically impossible to get any leniency. If you will undertake to pay the court costs I will throw the case out, restitution having been made. I feel that you have acted on what you thought was your rights."

Ruling that the taking down of a direction sign which the Aurora town council had given the Aurora Engineering Co. permission to erect on the boulevard in front of his home was "a criminal proposition," Magistrate W. E. McIlwain advised Hugh Bowman, Aurora, that he would withhold his decision on the case until Tuesday. Mr. Bowman pleaded not guilty, in Newmarket police court on Friday, to a charge of theft.

Harold D. McPherson, president of the Aurora Engineering Co., testified that his company had been given permission by the town council to erect three signs in the town to direct traffic to the company's building and that one of these signs had been placed at the corner of Metcalfe and Wells Sts. on the boulevard in front of the defendant's home between July 10 and 15. The sign, which was 32 inches by six inches, and cost \$45, was erected under the supervision of the town foreman. He believed the sign was removed on or about July 15.

Reeve Charles Malloy of Aurora informed his worship that the council had given the Aurora Engineering Company permission to erect these signs and that their erection had been supervised by the town foreman.

"As far as the town of Aurora is concerned, it is satisfied with the position in which the sign has been erected," questioned Crown Attorney N. L. Mathews, K.C.

The witness replied that it was Cross-examined by I. E. Weldon, Toronto, counsel for the defence, as to why the council, after the sign had been taken down, did not make the resolution which was brought up at its meeting, backing the Aurora Engineering Co. in the replacement of the sign. Mr. Malloy said: "All the members were in favor of the sign being replaced. One little clause they did not like, but all were in favor that it be put back."

"In behalf of the town of Aurora," I instructed Mr. Anderson (Mr. Anderson had been hired by the company to paint the signs) where to put the signs," testified James Gouding, foreman of the town of Aurora.

Questioned by the crown as to the size and the location of the signs, the witness replied that they met with his approval.

According to Chief Constable Fisher Dunham of Aurora, who had investigated the disappearance of the sign from in front of Mr. Bowman's home, he had questioned the defendant, who told him that he had been away on two weeks vacation and had taken down the sign when he returned.

"He said that he did not know that Mr. McPherson had been given permission from the town to put it there or he wouldn't have taken it down," stated the officer.

He said that he put the sign in his garage for safekeeping, so that the boys would not spoil it."

Mr. Bowman told his worship that the sign was 12 inches by 33 inches and had its arrow pointed towards his home.

"I had no knowledge that the sign had been authorized," stated the defendant. "As I was taking it down, a young chap in a car halted me, a Mr. Anderson, and told me he put up the sign. I told him what I was doing and that I was putting it in the garage. I went to see Councillor Cook and asked him if it was authorized. He said that the sign was to be two feet by nine inches."

## DOWN THE CENTRE

Harold Echlin, for years the top-ranking softball catcher in these parts and a swell fellow to boot, is now a member of the R.C.A.F. Harold ran his father's coal and wood business at Thornhill after the latter died and found time to star with Richmond Hill Roses too. Now he is stationed at St. Thomas and it is just questionable whether or not the business will survive the storm. Ekky had a smile that was infectious and always took the decisions from behind him in good part, even if they weren't good.

Steve Young is with the army service corps at the Toronto C.N.E. grounds and Tim Saul is now at Brampton camp awaiting assignment to a unit. Only Bennett, Dykes, Miller, Art. Crean and John Mabley, who has been rejected, are left of the once powerful Roses.

A travelling salesman went to

the recruiting station to enlist and, having the gift of the gab, extolled his virtues to the hard-boiled Sarge in attendance, who finally grunted, "Suppose you'd like a commission?" The salesman floored him with a neat retort. "No Sarge, I'll take straight salary. You see shooting is one thing I ain't so good at."

Dan Vanciel, whom you will recall as having turned up in Aurora looking like a sea-bitten refugee from the north woods back in 1939-31, with the request that he be allowed to play some hockey, is in the air force now and stationed in Toronto. Vanciel looked least like a hockey player of all the candidates Aurora had to compete against Newmarket but on the ice he was a regular whirling dervish and a hard man to stop. Best of all, he was probably the best worker among the many hockey imports that ever came to Aurora. Dan would try his hand at anything so long as it brought him coffee and cakes. After he left here, he starred for Gravenhurst and Midland teams and last year was in Sudbury.

Mac Ogilvie, the big Bradford lad who helped an injury-riddled band of Redmen win a junior dominion title back in '32, is stationed at Newmarket camp with the signals corps. Mac played intermediate with Bradford, and then moved to Gravenhurst, where he played for three years. Now he is back on his old stamping grounds. He is the third member of his family to go on active service. Brother Gordon is serving with the navy, while Ken, Ogilvie is with the 45th Highlanders.

Calling all golfers. At last we have found what causes a slice. The ball rotates clockwise, building up a zone of denser air on the left front. The ball pushes against this partial barrier and is steered toward the right by it. Now get

Bert Wright at Aurora or Lionel Ross at Summit to correct it. We picked up the above and permit you to scan it. We suppose some good golfers will be able to do it? Very scientific and all that but most people's slices start before the ball is rotating. The book is also self-starting. We heard one pro say over a noggin last week that 99 percent of all golfers' troubles come from pressing. Maybe we shouldn't use our irons so often.

Al Broadway, the deaf and dumb, had who so courageously guarded the portals in the light spots for Markham juniors the past two years and was accorded what we consider shabby treatment, has received a military call. Al has attended the deaf and dumb school at Belleville and is a whole lot smarter than many who will be in uniform and by the same token has as much of the old mule as most of the lads. He may be rejected by all the lads who are so anxious to receive a slip that effect we waver Broadway is not among their number and would gladly change places with the average young Canadian. We have always admired him for his hardball performance in his day and sound sense and sportsmanship.

Harold Cook of Stouffville, a fair brother of the famous Cas, has just returned from a severe attack of blood-poisoning. Harold, who is employed with the John Inglis Co., cut his hand at work and failed to take time out.

Austie Baker of Markham was presented with a men's set by the girls of the Markham softball club whom he coached and was tendered a party by some of his boy friends. The event in itself is not significant except that it warms the cockles of the heart. Austie, who is now in the army, has always been regarded as a bit urbane and sophisticated. Time after time in the columns that the rural correspondents send in we read that the neighbors in some community have gathered together a pot to buy something for Pte. Joe Zilch, their old companion who has gone on active service, or have remembered Minnie the Mocher, who has made good or is about to leave the family fireside. In the bigger centres this touch of friendship and appreciation is alas all too often forgotten. A little more of the spirit that is found on the farm and in the four-corner hamlets could well be followed elsewhere. The presentation to Baker merits recording because it is too rare a thing these days. We can't let this opportunity go by without mentioning that the Aurora fire brigade is an exception we have noted round about us. Chief Harry Jones and the lads never forget their comrades and are always ready and willing to lend a helping hand to any organization.

District bowling honors this year find the top spots going to the clubs in the southern part of the county. For quite a few years now Richmond Hill, Agincourt and Markham bowlers have picked up the marbles, although bowlers from other clubs win on the whole almost as many tournament prizes. Richmond Hill won the Mulock trophy, took the four rinks district honors, with Albert Glass' rink, which included R. K. Young, E. T. Stephens and Art. Edson to lead the circuit. A. M. Walton of Agincourt took the singles honors, and Max Reesor, well-known hockey referee from Markham, teamed up to take the district 13 doubles honors. All of the above named competed in the provincial tournament at Hamilton on Monday.

Yerex and Hall may sound like a team of tap dancers on a vaudeville circuit but in reality it's the new double titleholders, Gar Yerex and Morley Hall of Richmond Hill. The two Richmond Hill men distinguished themselves by bringing home the bacon. Over 120 rinks from all parts of the province were entered in the Toronto tourney, so the boys were really doing some fine bowling. Boulevard, Galt, St. Matthew and Weston were the last four opponents downed. The final win over Galt was 14-10 with the verdict in doubt until the end. Yerex is an electrician and Hall a grocer. We wondered how this pair would win such a big tournament and yet not be doubles champs of the district and a bowler friend informs us that Reesor and Burns won their honors over a series of weeks, whereas the two Richmond Hill men had to be hot only for a day or two.

W. H. Rankin of Pickering College, a fair sort of athlete, specializing in basketball, won the Victoria college scholarship in math and science, with a value of \$150 for four years and a possible value of \$750, proving once again scholarship and athletic ability can go hand in hand. Fraser, who played hockey and rugby at St. Andrew's college, won a Trinity scholarship to further emphasize this contention. The lad, however, is going on active service and it went by reversion to somebody else.

Don Sabiston, one of the best athletes and field-day champ at St. Andrew's, has followed Headmaster Kenneth Ketchum to Royal Roads at Esquimalt, B.C., and the Canadian navy. Jack Chipman, quarter on the rugby team and a hockeyist too, has also gone to the coast as well as some others from the school. Bernia Milligan, the rugby captain and a puck-chaser too, has joined the army and already holds the rank of sergeant. The prep schools are providing some pretty capable lads for the armed forces and are expected to carry on their athletic program uninterrupted, except for a curtailed schedule. With Charlie Sweeney away, St. Andrew's lacks a rugby and hockey coach.

Oswell Mabley, always a supporter of district athletics, who has backed both hockey and football clubs for Richmond Hill, was married last week. Cec, went down the aisle with Florence Mary Waud of Willowdale. Brother Norman Mabley, now in the R.C.A.F., was best man.

Wes. Butler, a former Stouffville hardballer and a recent bridegroom, who is adjutant of the Stouffville air cadets, took the highest marks in the class of air cadet officials, from all parts of Ontario, who attended an R.C.A.F. school at Hagerstown. Reg. scored nearly 90 percent, which is a lot

better batting average than he had when he was playing hardball.

Constance Mack, the sachem of the Philadelphia Athletics, whose acumen and teams we have admired since a kid, has a neat scheme in effect to see that his pitchers can hit. As you know, when a pitcher can sock the old apple it is in the "man bites dog" class. Well, Mack believes in encouraging his hurlers to hit. So they have a P.S.C. or pitcher's sock club. The pitchers pay in two bits each a week, and when one of them gets a hit he has a root beer on the rest. At the end of the season the pitcher who has the best batting average gets a suit of clothes from the proceeds. At present, there is no doubt but that Phil Marchildon, the Canadian boy, who is one of the best in the league, will wear a new suit to the world series. His brother, Babe, is a member of the Newmarket Camp team.

Newmarket town league final series in championship style as they handed Herb. Cain and his leather-pushers from the Davis campus a nifty 21-7 shellacking. "Lefty" Newbold handcuffed the batters. Wysinski and the rest did some slugging and butter fingers and jitters by the tannery boys did the rest. The Camp are real champs and some excellent ball was served to the fans. Too bad the last game had to be about the worst of the season.

The night previous Stan Smith and the boys journeyed to Maple Leaf stadium to see the Leafs in their "crocodile" series against Montreal and evidently the Davis boys didn't recover or tried to emulate the Leafs the next night and wound up out in the cold.

The camp team is entered in the intermediate series of the O.A.B.A. The category is said to be B but one bulletin had the soldiers meeting either Guelph or Caledonia and the other Morse A.C. team from Earlscourt Park. We believe it is

the latter. Earlier in the season we had a look at the Morse club in action and they are a host of youngsters and should take the series with all due respect to Sgt. Morris' team. Why they can drop back from the senior class to intermediate is a bit hard to understand. However, you will see some fine play in action if they play in Earlscourt.

Alex. Salsman, a Jewish lad, is a sensational pitcher and he receives good support from "Lefty" (Morris) Allen, who played hockey for Etobicoke juniors last year, and Butch O'Malley. Tony Polito, an Italian, is behind the plate and a real peppercut, while the infield and outfield are both fast. They wear snappy red and white uniforms and went to the Earlscourt park final round. Several of the lads were given the look-see by Toronto Leaf scouts and so you can see the Camp has a real job on its hands. Mervyn Broughton of last year's Aurora juniors, a member of the C champs of '39, who saw two years with the Newmarket Redmen, has joined the R.C.O.C. and is now stationed at Brockville. An injury to Merv, last year probably cost Aurora juniors the C title.

Grant Crowder, who played with Broughton at Aurora on that junior C winning team, is a lad we have overlooked previously in recording former hockeyists on active service. He is with an infantry unit and we understand has been home on leave after being on duty at the coast. For several years we were away from the district and so have not on file a complete list of some of the former Aurora junior players. We have written to our friend, Charlie Rowntree, for the data and when we get it will comb the list carefully. However, our unofficial summary shows well over 50 former Aurora puckchasers now gunning for bigger game on all the war fronts and in all the services, which we think perhaps

is just about a record for any C.H. A. team in history. At least we're from Missouri until other centres lay claim to a better showing.

Casca Area have given Stouffville a little work to finish off the softball series and if the shoe-makers don't respond with some action, Manager Charlie Case will lay claim to the trophy and the championship and even if the series is played off, we haven't much doubt but that the fiery far-throwers will be able to fill up the cup with showings or catpaws and celebrate when the series is over. If the rural series had been going this season, the Area would have brought home a provincial title, for they are stronger all down the line than the King or Behmberg teams of yesterday and both of those outfits made fine showings. Indeed, Behmberg won out once, Jennings at short and Roy Smith at second have developed into a neat combination around the second sack. Lloyd, Preston, Boham, Case and Dennis all slug well while Morley Cook right now has regained the promising form he showed last year. The rest of the clan stand up well too.

Les. Beazer, who for many years was manager of Ravinia rink and was always ready to go out of his way to secure ice for the teams from the attacks, is now reading near Aurora and, providing hockey is on the winter sports schedule locally, could probably be induced to take an executive post with the Aurora club. He would be a handy man to have too.

Bill Davis, son of Harry Davis, cricket coach at St. Andrew's, who is a promising junior ice star and saw service with Andean teams, is engaged in war work in Toronto now but commutes home and if Aurora juniors take to the ice he will be available for service. Pretty soon the hockey boys will be gathering around to mull over prospects for the coming season. The baseball problem of how to

get to first-base without hitting the ball resolved itself into the following according to our computing: (a) hit by a pitched ball; (b) a balk; (c) base on balls; (d) error by catcher; (e) double error or wild pitch combined in a third strike; (f) awarded a base for interference by catcher while at bat. In softball the balk, hit by a pitched ball, interference and possibly all those in category (e), depending upon the number of runners on the bases, might be ruled out, leaving only the base on balls or walk. Are we wrong on this? If so, we'll be glad to be put straight.

Pete Gray, a one-armed outfielder with the Three Rivers team, has been creating quite a sensation this season. Gray has been batting .300, one of the highest marks in the circuit, has a fine record on the base paths and has been a sure catch in the field. He catches the ball, rolls the ball down his good arm, at the same time tucking his glove under the other and pegs home or to the infield accurately.

We recall that our good friend, Herb. Holman, who likewise has only one arm, was as neat an outfielder and hitter as there was around these parts a few years ago, although most of his hardball playing was confined to high school. His method was much the same as Gray's and we have always thought that if he had kept on at the game he would have been a star. He could play basketball well, too, and was a tough guard to beat. At soccer, where his hands didn't matter, he was as good as any ever produced here and could juggle a ball with rare dexterity, playing when only a youngster with those strong teams that made King City and Maple famous on the soccer field. Now he is one of the best bowlers at the Aurora bowling club. As a softball umpire he had few superiors and he has done well, too, as a hockey referee, handling the Bolton and St. Andrew's games in

recent years. It is real ability to be able to overcome handicaps in the field of sport.

Tommy Rock, who caught for Barrie Collegians last year when they won the York-Simcoe title, is now doing a bit of pitching for the boys at Camp Borden and has hurled A10 centre into a contending spot. Rock was in the army when he played for Barrie last year.

Leut. T. C. Dutcher, who is looking after sports at Newmarket camp temporarily, was at Orillia camp before coming to Newmarket and we understand he has volunteered for service with the newly formed paratroopers unit.

Tarzan Pirie, we understand, is now at Kingston and catching for the army hardball team, who are in the throes of the play-offs there.

Commando tactics on land are tough enough but Jack Medica, former U.S. Olympic swimmer, has designed a water test that seems even more difficult. He has introduced the commando training in his swimming instructions at the University of Pennsylvania and prescribes the following course: swim 75 feet underwater; dive off the ten foot board; climb a rope-ladder over the pool and drop to the water; recover a 30-lb. weight from ten feet of water and bring it to the side of the pool; swim 50 feet with hands and feet tied; jump into water, remove shoes and remain in water, wearing the rest of the clothes for 20 minutes; swim a quarter mile, using side or breast strokes. If Medica ever gets together with the land instructors, it will be just too bad for the troops.

# THE NEW INCOME TAX

## PART I - As it Affects

# SALARY AND WAGE EARNERS

### 1. Question: WHO MUST PAY?

Answer: All persons in receipt of incomes over \$600 single—or \$1200 married.

### 2. Question: WHAT FORMS DO YOU HAVE TO FILL OUT?

Answer: Unless you are single, without dependents, and not making payments for allowable personal savings (Item 1D), you should file Form TD-1 with your employer. Otherwise he must deduct the amounts provided by the Table of Tax Deductions for a single person without dependents or personal savings.

If 1/4 or more of your income comes from salary or wages, you must file your 1942 Income Return by 30th September 1943. If your income is not over \$5,000, including not over \$100 from investments, you will use Form T1-Special; otherwise you will use Form T1.

### 3. Question: WHEN AND HOW IS YOUR TAX COLLECTED?

Answer: Your employer is required by law to make deductions from your salary or wages on account of your 1942 tax during the period September 1942 to August 1943. Each deduction must be the amount provided by the official Table of Tax Deductions for your current rate of pay, and family status and personal savings as declared on Form TD-1 (Item 2 above).

The Table is designed to collect about 90% of the tax on your salary or wages, leaving a balance of not more than 10%, in most cases, (plus tax on your other income, if any) to be paid with your Income Return to be filed in September 1943.

If your salary or wages are less than 1/4 of your income, you must pay tax on your other income by compulsory instalments. (See Part II below).

### 4. Question: WHAT CONSTITUTES TAXABLE INCOME?

Answer: Your income is made up of your full salary or wages before any deductions whatsoever, plus living allowances, gratuities or bonuses (including cost of living bonus) and the value of any board, living quarters or supplies, etc., given you by your employer. It also includes such receipts as interest and dividends, rent (after taxes, repairs, etc.), royalties and annuities. From your total income you deduct payments (up to \$100) into certain types of savings, superannuation or pension funds, charitable donations up to 10% of your income, and medical expenses over 1% of your income (maximum—\$400 single, \$600 married, plus \$100 for each dependent up to four), to find the amount of your taxable income.

### 5. Question: HOW MUCH DO YOU PAY?

Answer: (A) Normal Tax—(whichever rate is applicable is applied to the full amount of

(2) Married (or equivalent status)—  
with taxable income over \$1200—7%

(2) Married (or equivalent status)—tax credit—\$110

(3) Dependents—tax credit for each—up to \$20

### (C) Surplus—4% on investment income over \$1100 without exemptions.

### NOTES

(1) In no case are you required to pay a net tax (i.e., after credit for dependents) which would reduce your taxable income below \$600 single or \$1200 married.

(2) If a wife has unearned income over \$600, then both she and her husband are taxable as single persons, but any amount a wife earns does not affect her husband's right to be taxed as a married person. A married woman is taxed as a single person under all circumstances except only when her husband's income is less than \$600.

**"We'll have  
a real nest-egg  
after this war!"**

OUR FAMILY went through hard times  
once. It taught us that you can't keep  
your independence without foresight  
and sacrifice. We learned what we could  
do without when we had to. So we  
know that a real nest-egg means more  
than just compulsory savings. It means  
all the War Savings Stamps and Cer-  
tificates we can lay our hands on.

They're safe. And they're an invest-  
ment every Canadian should make.  
Why? Because they help equip our  
fighting men to protect everything  
we've got. And because, too, they pay  
back \$5.00 for every \$1.00 we put aside  
now. We've got to win this war no matter  
what it costs - and we've got to  
prepare against the time when the  
boys come home.

Buy War Savings Stamps from druggists,  
banks, post offices, telephone offices, de-  
partment stores, grocers, tobacconists and  
other retail stores. Certificates may be  
purchased for immediate delivery in  
denominations of \$5, \$10, \$25 from Banks,

Many people never seem to get a good  
night's rest. They turn and toss - lie awake  
and count sheep. Often they blame it on  
"nerves" when it may be their kidneys.  
Healthy kidneys filter poisons from the  
blood. If they are faulty and fail, poisons  
stay in the system and cause sleeplessness, head-

## Intoxicated Driver Has Crash Near Bradford

Six charges heard by Magistrate W. E. McEwen in Newmarket police court on Tuesday were laid by Provincial Constable Alex. Ferguson for driving on Yonge St. in a manner dangerous to others using the highway.

The severest fine for this offence was imposed on James McDonnell, Toronto, whom, although he pleaded not guilty to the charge, his membership judged otherwise and fined \$25 and costs of \$3.30 or ten days.

Herbert Bellanger, Toronto, said that he had driven north along No. 11 highway at about 10.45 in the evening of Aug. 7, when about a mile south of Bradford, a car pulled out from behind an approaching transport and collided with his car. The witness stated that the car was driven by the defendant. Damages to his car amounted to \$12.50.

"What was the condition of the accused?" questioned Constable Alex. Ferguson.

"He was intoxicated," replied the witness.

Constable Ferguson told his worship that when he investigated the accident he found the car owned by the accused sitting on the right side of the road, damaged to the extent of \$50. Upon examining the skid marks of this car he found that the point of impact had been in the east of the centre line. While speaking to Mr. McDonnell, he observed that he had been drinking.

Magistrate McEwen imposed fines of \$10 and costs on John Hopkins of Weston and Gordon Keeling of Owen Sound, on dangerous driving charges.

Louis Hann, Stouffville, testified that the evening of Aug. 7, while driving north on Yonge St. between Aurora and Newmarket, he was in collision with an approaching car driven by Mr. Hopkins, who had attempted to pass another car going south.

According to Constable Ferguson, upon his arrival at the scene of the accident, which had occurred on a three-lane part of the highway in King, he found the defendant's car in the east ditch against a fence with its front and left side damaged. The car driven by Mr. Hann was facing north on the east shoulder of the road.

He found that the impact occurred on the east side of the highway. The officer stated that the defendant told him that when he saw the car he was going to be involved in an accident he tried to save the young lady in his car. Constable Ferguson stated that the defendant's condition was normal.

Mr. Hopkins told his worship that he was following the white line and that as the night was wet, the glare of headlights on the pavement obstructed his vision. He said that he had been driving for a year.

"It looks to me more like inexperience," commented his worship. Giving evidence in the case of Gordon Keeling, Constable Ferguson told his worship that the defendant had been driving a transport on Yonge St. highway at 8 a.m. on Aug. 5 and, falling to stop at the intersection of Eagle and Yonge Sts., outside Newmarket, crashed into the rear of another truck. The officer stated that he was of the opinion that the accused had fallen asleep at the wheel.

Pleading guilty to two charges, careless driving and failing to have a 1942 driver's license, Josepa Magamie, Toronto, was fined \$10 and costs on each count.

Constable Ferguson testified that on Aug. 18 at 4.30 p.m., he was called to the scene of an accident in East Gwillimbury township. The officer stated that he found that the truck driven by Mr. Magamie had collided with a car driven by a Buffalo driver on Mr. Magamie's wrong side of the road. Damages to the U.S. car amounted to \$200.

Also pleading guilty to charges of careless driving on Yonge St., William Cairns, Toronto, and Stanley T. Lawrence, Camp Borden, were each fined \$5 and costs.

According to Constable Ferguson, on Aug. 1, at 2.45 p.m., in East Gwillimbury, he observed the northbound car driven by William Cairns cross the solid white line and pass another car on a curve, thus interfering with southbound traffic.

On the same date, at about 3.50 p.m., the officer stated that he observed the car driven by Mr. Lawrence pass another car, cut back into traffic, cut out again and pass another car on a hill.

Found guilty of careless driving on the Lake Shore road, in North Gwillimbury township, on Aug. 15, John Wright, Toronto, was fined \$5 and costs. On a charge of not having a 1942 operator's license he was fined \$10 and costs.

Constable Carl Moran, of North Gwillimbury, who laid the charges, told his worship that Mr. Wright's car had been in a collision with another car. When he asked to see the defendant's operator's license, the latter produced a temporary license dated July 14. The officer stated that Mr. Wright's condition was normal.

A charge against Orville Saunders, Newmarket, of assaulting Rex Barker, Newmarket, heard by his worship last Tuesday, was dismissed.

"It is one man's word against another," said Magistrate McEwen. "There is always some bickering, some little thing to begin the fight. Evidently these people have been in trouble before in court and were placed on probation. I am going to put you both on probation again for one year." Magistrate McEwen requested that each supply a bond of \$200.

His worship allowed a week's remand in the case of William Calvert, R. R. 3, Bolton, charged with forging a cheque to the prejudice of Donald St. John for the amount of \$10. Bail of \$500 was allowed the defendant.

A two weeks remand was granted Jack Horan, Palgrave, who is charged with illegal possession of liquor in King township and with vagrancy. Bail of \$200 was allowed Mr. Horan.

At the request of the crown, N. L. Mathews, K.C., the case of John O'Connor, Newmarket, charged with illegal possession of liquor and selling liquor, was adjourned for a week.

Because Constable Alex. McCullough of North Gwillimbury whose handcuffs are alleged to have been stolen, is in the army and was unable to appear in court as witness, the case of Richard Godfrey, Pefferlaw, charged on two counts with theft and with receiving stolen goods, was adjourned for a week.

Pleading guilty to a charge of illegal possession of liquor, Elian Etelamaki, 23 Huron St., Toronto, was fined \$30 and costs of \$13.25 or one month in jail.

According to Sergeant Sidney Barracough, of the York county police, on Aug. 1 at about 11 p.m. in company with two R.C.M.P. after receiving complaints about liquor at Wilcox Lake, he proceeded to a location near the lake where they observed a car with three or four men in it driving to a house. After waiting a short time the car came back and proceeded to the house of the defendant. Upon examining the car, the officer stated that he found a case of beer. He said that Mr. Etelamaki was quite upset at the time and offered to settle with the police.

Upon questioning the defendant, the officer told his worship that he said that he was having a party and ran short of beer. So he obtained some from a friend's home. The officer stated that Mr. Etelamaki was about to tell him the name of the friend when another man stopped him.

When asked if he would like to give any defence, Mr. Etelamaki denied that he had obtained the beer at a friend's house. He said that he had purchased it three months previous and kept it at his room in Toronto. On the night in question he brought it to his summer home at Wilcox Lake but when he arrived there he found a number of people in his house he left it in his car.

Questioned by the crown as to what he was doing when at the other house when the police observed flashlights in use, he said that he was looking for a place to spend the night.

Fifty-seven cases of speeding were heard by his worship on Tuesday, of which 32 were adjourned, eight dismissed and two withdrawn. Fifteen motorists received fines ranging from \$5 and costs to \$25 and costs.

Those fined \$25 and costs were: Toronto Adjusters and Wilbert M. McCutcheon, both of Toronto, each fined by Constable Ronald Wait in East Gwillimbury township.

**TO THE EDITOR**

Dear Friend: Your interesting paper The Era and Express continues to reach me here on the west coast and for that I am very grateful.

I not only keep tab on old friends through it but it also supplies me with activities throughout Newmarket.

I see where most of the local boys have joined the services, either active or with my old outfit, the Queen's York Rangers, including my old friend, "Ang" West. It is good to see so many of the fellows "in." We sure need them in all branches.

We were treated to a very impressive and inspiring open-air church service this morning on our recreation field, with Commodore Beach on hand to lead the proceedings and take the general salute.

Unfortunately, I was unable to attend, as I'm just recovering from an injury sustained when I "hit the deck" over zealously a few weeks ago.

Our coastal patrols are right on the job 24 hours of the day here on the Pacific waters, patrolling from the border north to Alaska, and never let it be said the boys in the navy are not doing their share.

The weather here has been beautiful. Day after day we have consumed nothing but the best of invigorating air and sunshine for the past three months.

It seldom rains and thunderstorms are practically unheard of here on Vancouver Island.

A new war picture, "The Commandos Come at Dawn," is being filmed right here in Victoria and two of my chums had the honor to be on the ship that carried the stars of the picture on a cruise around the island.

Paul Muni and Anna Lee take the leads in the picture.

We are having chicken today for dinner, which reminds me that the bell is due any moment. So I'll close, as my tongue is drooping from hunger.

Thanks again for your paper.

Sincerely,  
Bob Benville
